CONDITIONS OF REPORTING

v The reported results are for information and interpretation of the referring doctor only.
v It is presumed that the tests performed on the specimen belong to the patient; named or identified.
v Results of tests may vary from laboratory to laboratory and also in some parameters from time to time for the same patient.
v Should the results indicate an unexpected abnormality, the same should be reconfirmed.
v Only such medical professionals who understand reporting units, reference ranges and limitations of technologies should interpret results.
v This report is not valid for medico-legal purpose.
v Neither Thyrocare, nor its employees/representatives assume any liability, responsibility for any loss or damage that may be incurred by any person as a result of presuming the meaning or contents of the report.
v Thyrocare Discovery video link :- https://youtu.be/nbdYeRgYyQc
v For clinical support please contact @8450950852,8450950853,8450950854 between 10:00 to 18:00

EXPLANATIONS

v Majority of the specimen processed in the laboratory are collected by Pathologists and Hospitals we call them as "Clients".
v **Name** - The name is as declared by the client and recored by the personnel who collected the specimen.
v **Ref.Dr** - The name of the doctor who has recommended testing as declared by the client.
v **Labcode** - This is the accession number in our laboratory and it helps us in archiving and retrieving the data.
v **Barcode** - This is the specimen identity number and it states that the results are for the specimen bearing the barcode (irrespective of the name).
v **SCP** - Specimen Collection Point - This is the location where the blood or specimen was collected as declared by the client.
v **SCT** - Specimen Collection Time - The time when specimen was collected as declared by the client.
v **SRT** - Specimen Receiving Time - This time when the specimen reached our laboratory.
v **RRT** - Report Releasing Time - The time when our pathologist has released the values for Reporting.
v **Reference Range** - Means the range of values in which 95% of the normal population would fall.

SUGGESTIONS

v Values out of reference range requires reconfirmation before starting any medical treatment.
v Retesting is needed if you suspect any quality shortcomings.
v Testing or retesting should be done in accredited laboratories.
v For suggestions, complaints or feedback, write to us at **info@thyrocare.com** or call us on **022-3090 0000 / 6712 3400**
v SMS:<Labcode No.> to **9870666333**
